SUMMARY

Motivated IT professional with skills in software development, web technologies, and databases. Experienced with React.js, Node.js, and MongoDB, building web apps and Chrome extensions. Good at learning quickly and solving problems creatively. Also knowledgeable in trading, market analysis, and portfolio management.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML5, CSS3, JSX, Tailwind CSS, AOS Animation

Backend: Node.js, Express.js, MongoDB, REST APIs, JWT Authentication Tools & Platforms: Git, GitHub, Postman, Stripe, Netlify, Render, VS Code Other Skills: Responsive Design, Debugging, Version Control, API Integration Soft Skills: Problem-Solving, Communication, Leadership, Adaptability Soft Skills: Problem Solving, Communication, Leadership, Adaptability

Additional Interests: Trading & Investment Strategies, Financial Market Analysis, Technical Analysis

EDUCATION

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering

SRM Valliammai Engineering College, Chennai - November 2021 - May 2025

CGPA: 7.5

Relevant Courses: Data Structures and Algorithms, Database Management Systems

PROJECTS

Meal Mate – Full-Stack Food Delivery Web App

- Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Stripe, CSS Modules, AOS
- Developed secure login systems with JWT | Built admin dashboard for food app | Integrated Stripe Checkout for online payments | Migrated cart logic to MongoDB | Optimized UI for category filters | Deployed to Netlify/Render | Resolved API issues and streamlined frontend-backend communication

Stock price prediction using Machine Learning (Oct 2024- Dec 2024)

- Developed a machine learning model to forecast stock prices based on historical data
- Provided analytical insights to assist in investment decision-making

Chrome Extension (Leads tracker)

- Designed and developed a Chrome extension to capture URLs of all active tabs
- Enabled one-click copying for streamlined lead collection and tracking

PROFESSIONAL EXPERIENCE

Web Development Intern - 8Queens Software Technology, Chennai, June 2024 - August 2024

- Assisted in front-end development using HTML, CSS, and JavaScript
- Contributed to interactive UI development and participated in debugging tasks

CERTIFICATIONS

- Java programming - Great Learning.
